Acquisition Forecast - FY2024
Wednesday, July 17, 2024

For inquiries, send email to:
OSDBU@nsf.gov

Expected Dollar Range:
1 = \$250,000 to \$1,000,000
2 = \$1,000,000 to \$5,000,000
3 = Over \$5,000,000

Division	Title of Requirement	Description of Requirement	Previous Contract	Contract No.	Contract Expiration Date	Expected Dollar Range	NAICS	Solicitation/RFQ/ Acquisition Announcement QTR <i>Note: this is an estimate, actual may differ.</i>	Small Business Program	Status <i>*updated quarterly</i>
Directorate for Biological Sciences										
BIO	CASA Bio Phase 2	This will be the second phase of the CASA Bio workshop in which we will engage research communities with funders' priorities determined in phase one and solicit roadmaps with staged actionable outcomes that could lead to implementation in FY25-FY26. 3). The contractor will be facilitating the second phase of the workshop so doing all the planning, creating materials to assist with advertising to the community, running the actual events, and compiling the data post events, etc.	New	N/A	N/A	2	541690	Quarter 2	TBD	Closed
Office of Budget, Finance, and Award Management										
BFA/DFM	Data Analytics and Assurance Program	Provides internal control support to improve mission delivery and the accountability and effectiveness of Federal programs and operations by establishing, assessing, correcting, and reporting on internal control through innovative uses of data analytics technology. Also provides enterprise risk management support for emerging mission risks such as long-term pandemic impacts related to grants oversight, monitoring, and improper payments.	Recompete	49100419F1105	6/9/2024	2	541219	Quarter 2	TBD	RFI released on SAM.gov
BFA/DFM	Financial Management Support	This contract supports NSF financial operations, systems, and reporting, including audit-related accounting, documentation, analyses, methodologies, and other activities.	Recompete	49100418F1045	12/31/2023	3	541211	1st Quarter	SB	Awarded
Directorate for Computer and Information Science & Engineering (CISE)										
CSE	Science and Engineering Technical and Analytical Support Services. (SEATS)	The contractors shall provide Science and Engineering Technical and Analytical Support Services. the contractors will assist CISE program officers in reviewer identification and recruitment, scientific support on merit review panels, post-award management, program portfolio analysis, and community outreach.	Recompete	49100421F0194	9/1/2024	2	541330	1st Quarter FY 24	N/A	RFI released on SAM.gov
CSE	Data and Analytics	Contracting support to assist the National Science Foundation's Directorate for Computer and Information Sciences and Engineering (CISE) in providing data and analytics related services within and outside NSF to improve organizational efficiency and effectiveness and empower data-informed decision making at all levels.	Follow-on	49100421D0003	1/4/2024	1	541330	1st Quarter FY 24	WOSB	Awarded
Directorate for Engineering										
ENG	NSF Directorate for Engineering (ENG) Web Development and Implementation Support	The Directorate for Engineering (ENG) has a requirement for broad-based website consultation, development and design, administration, and technical SharePoint services, as well as application development and/or maintenance that will assist with the continuity of its web-based projects.	Follow-on	49100418F1307	3/31/2024	2	519190	2nd Quarter	TBD	Awarded
ENG	NSF Directorate for Engineering (ENG) Program Support	The Directorate for Engineering (ENG) seeking a contract in support in the merit review process – specifically in compliance checking that proposals meet PAPPG requirements and solicitation requirements, and organizing logistics for panels, site visits, Committee of Visitors meetings, Ideas Labs, and other workshops.	New			1		1st Quarter	TBD	Acquisition Planning
Directorate for Geosciences										
OCE	Costing estimate for scientific drilling vessel	In 2021, NSF requested community assistance in developing a "Scientific Mission Requirements for a Globally Ranging, Riserless Drilling Vessel for U.S. Scientific Ocean Drilling" report, which was received in 2022. NSF now requires a cost analysis for construction and operations that is informed by the physical requirements of the vessel as outlined in the report. In addition to cost, these requirements are influenced by community science goals, locations of sampling targets, drilling technology and innovation, on-board laboratory techniques, among other considerations.	New	N/A	N/A	1	541690, 541990	Quarter 2	TBD	Awarded
RISE	Facilitated Climate Change Workshop	NSF/GEO has a continuing need for assistance with the design and delivery of several activities related to Resilient Earth. These activities include virtual workshop series focused on prototyping frameworks for the evaluation of progress in terms of local and regional impact and resilience.	New	N/A	N/A	1	541690, 541990	Quarter 1	TBD	Canceled
OPP	Antarctic Research Vessel (ARV) Integrator	The Office of Polar Programs seeks to procure an ice-breaking capable scientific research vessel to replace the aging, leased options currently available. The Integrator will act in a management services capacity, assisting NSF in completing the vessel's Final Design and, pending congressional budgetary approval, help shepard the vehicle through construction and transition to operational status. The vessel will constitute a Major Research Facility and be subject to Research Infrastructure Office processes.	New	N/A	N/A	3	336611	Quarter 4	TBD	Closed
Office of the Director										
CDIO	DEIA Culture	DEIA Assessment Model (A.E. Strategies) support the development and implementation of a customized DEIA Maturity Model to assess the DEIA culture at NSF. Note: this is a current contract under 49100423F0087. The current contract (FY23) does not have option years.	Recompete	49100423F0087	6/1/2024	2	541611	Quarter 2	SB	Acquisition Planning
CDIO	DEIA Culture	Denison Consulting- providing consultation service on establishing an internal culture that stresses accountability, inclusion, and accessibility that will help integrate NSF leaders and align core values.	Recompete	49100423F0117	7/6/2024	2	541611	Quarter 1		Acquisition Planning
OIA	EPSCoR E-RISE & E-CORE Workshop	This workshop is envisioned to help EPSCoR stakeholders come together to discuss the new E-CORE (NSF 23-587) and E-RISE (NSF 23-588) funding opportunities, learn best practices for team science, and develop strategic planning agendas in relation to E-CORE & E-RISE as they relate to building their jurisdictional STEM ecosystem. The Contractor will be responsible for coordinating the meeting logistics and facilitating the workshop.	New	N/A	N/A	1	541611	Quarter 2	TBD	Awarded
OIA	MRI Portfolio study	MRI has been supporting acquisition and development of research instrumentation at universities and research institutions for 25 years. No retrospective study has been conducted to assess the impacts of these investments on the scientific endeavor in fields supported by the NSF. We require a survey to identify the impacts and metrics resulting from MRI investments.	New	N/A	N/A	1	541611	Quarter 2	TBD	Anticipate utilizing existing IDIQ
OIA	Capacity Assessment Execution	This contract is for an assessment on NSF's data maturity and capacity for evidence generation and use, along with an analysis of ongoing evidence-building activities. As required by the Evidence Act, agencies must conduct and provide an assessment of the coverage, quality, methods, effectiveness, and independence of their statistics, evaluation, research, and analysis efforts. The Capacity Assessment is intended to help agencies to assess their ability and infrastructure to carry out evidence building activities like foundational fact finding, performance measurement, policy analysis, and program evaluation.	New	N/A	N/A	1	541611	Quarter 3	TBD	Awarded
OIA	Program Management for ETAP, NSF by Numbers, Evidence Act	This contract is for program management support to OIA/EAC to (1) provide operational support for the activities and programs, chiefly the Education and Training Application (ETAP), NSF by the Numbers, and Evidence Act activities; (2) develop and implement business requirements for maturing IT systems; (3) strategically engage and communicate with internal and external stakeholders; (4) apply data analytics tools and statistical analyses to support evaluation and dashboard development and maintenance; and (5) analyze data, track outcomes, and continuously support improvements to EAC's evaluation processes.	New	N/A	N/A	2	541611	Quarter 2	TBD	Canceled

CUI//SP-PROCURE

OIA	ETAP IT Support	This contract is for services and personnel required to provide continued operations and maintenance and development, modernization, and enhancement for NSF's Education and Training Application (ETAP). At a minimum, NSF is seeking to contract with a company experienced in (1) adapting and scaling data systems to federal architectures for enhanced user experiences; (2) innovating solutions to streamline user interactions and satisfaction; (3) providing advanced data analytics and targeted analysis to inform system improvements; (4) offering expert-level technical support to end users; and (5) collaborating effectively with multiple stakeholders, including potentially one or more other contractors, to meet shared goals.	New	N/A	N/A	3	541519	Quarter 3	TBD	Awarded
OIA	Growing Convergence Research (Toolbox Dialogue Initiative)	NSF is seeking contractor support for three virtual workshops this fall for general audience (i.e., prospective Pls) focusing on concept of convergence and methods of achieving it. Additionally, contract will support an ongoing GCR lecture series and workshops for six (6) new GCR teams. A GCR webpage (i.e., URL) will be developed so that Pls may share.	New	N/A	N/A	1	541611	Quarter 1	TBD	Awarded
OIA	Science and Technology Center Strategic Planning Workshops	This contract is for organizing and moderating four strategic planning workshops for the four 2023 STC Class centers. The workshops will be in person meetings for two days with these all hands meetings involving coordination with a center's director and leadership prior to holding the all hands meeting. Workshop outcomes include the strategic plan components that will be finalized by the center's Pls.	New	N/A	N/A	1	541611	Quarter 1	TBD	Awarded
OLPA	Student Video Game Competition	NSF is seeking to use an outside company to help plan and execute the competition. This would include coordinating and managing some of the backend elements of the competition, such as the entry submission and judging platform, automated correspondence with the entrants, competition promotion, and prize distribution. The Student Video Game competition is aimed at engaging middle school and high school students in science and technology. Using the popular culture trend of video games, this competition challenges students to integrate science and technology into their video game design	New	N/A	N/A	2		quarter 2	TBD	Awarded
OLPA	Science Museum Exhibits	If requests for physical space at NSF headquarters is approved we will need contractor support to help design and potentially help coordinate guest visitation to that space. Ideally these contractor(s) would have museum curator and/or archivist experience. Additionally, we are seeking contractor support to assist putting together physical traveling exhibits and displays that would initially live at NSF and then be shared with museums/education centers around the country.	New	N/A	N/A	2		2nd Quarter	TBD	Conducting Market Research
Office of Information & Resource Management										
DAS	ID Card and Visitor Center Operations	The ID Card Office and Visitor Center provides HSPD-12 compliant badging services for NSF staff and contractors and high-quality services to the HQ visitors.	Recompete	49100420C0017	8/31/2024	2	561210	Quarter 3	SDB (8A)	Awarded
DAS	Human Centered Design & Customer Experience	Develop customer experience solutions that transform, modernize, and re-imagine workflows, processes, software, products, services, and experiences.	New	49100421D0007	9/30/2024	2	541611	Quarter 3	SDB (8A)	Awarded
DAS	E-Gov Travel Service (ETS) HelpDesk Support	The E-Gov Travel Service (ETS) is a government wide, web-based, world-class travel management service. This streamlined service continually applies commercial best practices to realize travel efficiencies and deliver a transparent, accountable, and sustainable service. This requirement provides help desk support for the ETS system.	Recompete	49100420C0013	9/30/2024	2	541511	Quarter 3	SDB (8A)	Closed
DAS	Information Technology Support and Analysis	The Information Technology Support and Analysis requirement covers a wide range of support services, including digital signage, COTS-developed web, application and database servers, and a number of the foundation's mission critical Information Technology (IT) systems. DAS is seeking Systems Administrators, or equivalent to provide information technology support for these areas and related specialized and generic technology and hardware support for the DAS mission and initiatives. In addition, DAS requires strong business analytical to support leadership in	Recompete	49100421C0025	9/30/2024	2	541513	Quarter 3	SDVOSB	Closed
DIS	Wireless Telecommunications Expense Management Service	The Wireless Telecommunications Expense Management (WTEMS) acquisition is required to provide carrier service plan and contract optimization, service plan and inventory management, audit, web portal, and management reporting services for the cellular wireless devices and services used by the National Science Foundation.	Recompete	49100424F0039	1/20/2025	2	517312	4th Quarter	TBD	Developing acquisition strategy
DIS	Enterprise IT Security & Privacy Services	The IT Security and Privacy contract is required to provide all aspects of Cyber Security, including IT governance; planning and management; participate with Capital Planning and Investment Control (CPIC) process, strategy, and enterprise architecture; policies and procedures; cyber security awareness training; assessment and authorization; cyber security assessments, continuous monitoring and independent reviews; vulnerability management activities; computer incident response and intrusion detection; managing cloud services, contingency planning; and privacy.	Recompete	49100423F0204	8/31/2024	3	541513	Quarter 3	SDB (8A)	RFQ released to STARS III, due 8/8
DIS	Intranet Maintenance	Development and O&M Support for the NSF Intranet.	Recompete	49100419F0074	11/30/2023	2	541512	Quarter 1	SDB (8A)	Closed
DIS	Service Now Licenses	Renew licenses for ServiceNow combined with the purchase of Service Now Impact Services. ServiceNow provides Service Desk (Help Desk) operations and management tools for all Information Technology (IT) systems including change and asset management (inventory of IT equipment).	Recompete	49100423F0094	6/23/2024	2	541519	3rd Quarter	TBD	Acquisition Planning
DIS	Cisco Smartnet	Maintenance for Cisco Products. Cisco Smartnet is the name of Cisco's maintenance service for its products including Catalysts floor switches, Aggregation Services Routers (ASR), Unified Computing System (UCS) and Cisco Telepresence video conferencing equipment.	Recompete	49100423F0096	6/30/2024	1	541519	3rd Quarter	TBD	Awarded
DIS	Tableau Server	Server environment that supports Tableau Creator. Along with other Tableau products, it allows users the ability to publish, govern, and share work anywhere.	Recompete	49100423F0189	10/30/2024	1	541519	1st Quarter	TBD	Awarded
DIS	Forgerock OpenAM/OpenDJ	This product provides authentication & authorization to support single sign-on securely and effectively for NSF External and Internal users accessing NSF Grants Management systems, eJacket, MyNSF and other systems.	Recompete	49100423F0072	8/13/2024	1	541519	4th Quarter	TBD	Acquisition Planning
DIS	Oracle Database	This product provides a unified and extensible database that allows converged database support for multiple data types and access models including relational, JSON, and graph. This allows NSF developers to create innovative applications with encryption for access security.	Recompete	49100423F0083	5/30/2024	1	541519	3rd Quarter	TBD	Awarded
DIS	Cloudflare	An architecture model that combines wide-area networking (WAN) tools with security tools over a cloud service directly to the source of connection (NSF). This will eliminate the need to house the hardware and software in the NSF Data Center and instead the system can be managed from an integrated console. It is compatible with our Cisco devices.	New	N/A	N/A	1	541519	1st Quarter	TBD	Canceled, deferred to FY 25
DIS	Splunk Licenses	Purchase of additional Splunk licenses will enable NSF to improve capacity related to capture and retention of event logs for NSF information systems.	Recompete	N/A	6/16/2024	2	541519	3rd Quarter	TBD	Cancelled
DIS	Salesforce	Provide and provision Salesforce Service Platform Licenses that can be assigned across Salesforce orgs and reassigned to staff as they join and leave an organization over the contract period of performance.	Recompete	49100423F0070	5/14/2024	1	541519	3rd Quarter	TBD	Awarded
DIS	Floor Switches	Procure new floor switches to replace equipment that is approaching the end of support life.	New	N/A	N/A	2	541519	2nd Quarter	TBD	Canceled, deferred to FY 25
DIS	Varonis Licensing	Procure and configure Varonis Data Security Platform to address zero trust security requirements.	New	N/A	N/A	1	541519	3rd Quarter	TBD	Canceled, deferred to FY 25

CUI//SP-PROCURE

DIS	Cloud Services Provider	Select a cloud service provider that can provide access to Amazon Web Services, Azure, and Google Cloud.	Recompete	49100418F1283	N/A	2	541519	2nd Quarter	TBD	Awarded
DIS	Wireless Access Points	Procure new wireless access points to replace equipment that is approaching the end of support life.	New	N/A	N/A	1	541519	2nd Quarter	TBD	Canceled, deferred to FY 25
DIS	NetApp Disk Shelf	Procure new Disk Shelves to replace shelves that are approaching the end of support life.	New	N/A	N/A	1	541519	3rd Quarter	TBD	Acquisition Planning
DIS	Conference Room Upgrade	Procure Neat Bar or Neat Bar Pros in several NSF Conference rooms.	New	N/A	N/A	1	541519	3rd Quarter	TBD	Canceled
DIS	Atlassian (Data Center)	Atlassian products (BitBucket, Jira, Confluence, and Atlassian Marketplace plugins for the tools) are key components of the DIS CI/CD pipeline and application development support. Significant cost increases are anticipated in FY24 based on review of the vendor website. The estimated FY24 cost includes a plus up of \$40,000 to account for these increases and an increase to the BitBucket tier from 500 to 1000 users as applications onboard from external to DIS over the next couple of years.	Recompete	49100423F0108	8/7/2024	1	541519	4th Quarter	SB	Awarded
DIS	Oracle Analytical Server	Oracle Analytics Server costs as part of OBIEE upgrade.	Recompete	49100423F0052	3/30/2024	1	541519	2nd Quarter	WOSB	Canceled
HRM	Human Capital Management (HCM) solution	Implementation of a comprehensive Human Capital Management (HCM) solution aligns with our strategic objective to create a learning ecosystem that is connected, intelligent and personalized to accelerate learning outcomes and better supports career development and succession planning. NSF needs a solution that functions as a tool for staff to target career goals, aligns competencies and skills to training, and has the capability to build career maps. Other significant benefits include: Talent Attraction and Retention: With modern learning tools, personalized development plans, and recognition programs, we can attract top talent and retain our valuable workforce; Operational Efficiency: Streamlining training management, competency assessment, and workforce planning improves efficiency, reducing administrative burden.; Data-Driven Decision-Making: Access to real-time data empowers informed decisions, fostering agility and adaptability in a rapidly changing environment.; Employee Engagement: The HCM solution enhances the employee experience, driving engagement and productivity; Strategic Workforce Planning: Robust position management and workforce driver analysis enable us to align our workforce with organizational goals effectively.	New	N/A	N/A	3	511210, 541511, 541519	Quarter 1	TBD	Conducting Market Research
Directorate for Social, Behavioral & Economic Sciences										
NCSSES	508 Services	508 review (including all electronic formats but not limited to videos), remediation (for NCSSES staff products and products where the contractor is no longer present), and optional development of guides. Video remediation and training will not be included.	Recompete	49100421C0043	12/2/2023	2	541990	Quarter 1	SDB 8(a)	Awarded
NCSSES	Survey of Federal Funds for R&D and Survey of Federal S&E Support to Higher Ed and Nonprofit Institutions	Conduct 4 survey cycles (volumes 74-77) of the Survey of Federal Funds for R&D and the Survey of Federal S&E Support to Higher Ed and Nonprofits	Recompete	49100421F0131	8/9/2024	3	541611	3rd Quarter	WOSB	Closed
NCSSES	Federal Facilities R&D Survey FY 2023-26 survey cycles	Conduct 4 survey cycles (FY 2023-26) of the Federal Facilities R&D Survey	Recompete	49100421F0049	3/31/2024	2	541611	2nd Quarter	TBD	Closed
NCSSES	Researcher and Contractor Worksite Data Security Inspections	Support for worksite virtual inspections of researchers and contractors working from home. Also includes potential on-site inspections for contracting sites, review of security plans, and ISSO support.	Recompete	49100420P0057	2/28/2024	1	541512	2nd Quarter	SB	Closed
NCSSES	Secure Compute Environment and NSDS Website	Establish and support a secure compute environment that can serve as a sandbox for the National Secure Data Service Demonstration Project (NSDS-D) and develop an enhanced website that can serve as a prototype website for a potential National Secure Data Service.	New	NA	NA	3		1st Quarter	TBD	Cancelled
NCSSES	Data Place - Project Management Support	Manage projects, support programs with process and other documentation, and provide analytical and dashboarding support to improve organizational efficiency and effectiveness.	Recompete	49100421C0008	January, 2024	3	541611	2nd Quarter	SDB (8A)	Cancelled
NCSSES	Program Support Specialists	Provide expert analytic, technical and communications support to perform the work required by NCSSES programs such as preparing reports, maintaining schedule and oversight of projects, perform advanced research and analytics or technical program assistance and other work as detailed in the SOW.	Recompete	49100420C0023	February, 2024	3	541611	1st Quarter	SDB (8A)	Awarded
NCSSES	Project Management Support	Manage projects, support programs with process and other documentation, and provide analytical and dashboarding support to improve organizational efficiency and effectiveness.	Recompete	49100422C0011	September, 2024	3	541611	2nd Quarter	SDB (8A)	Closed
NCSSES	Measuring Sexual Harassment in STEM	Phase 2: Questionnaire development; cognitive testing	New	NA	NA	1	541690	3rd Quarter	TBD	Closed
Directorate for STEM Education										
DGE	Operational and technical support for GRFP	Support for the competition-related activities of the NSF Graduate Research Fellowship Program, extending over the annual competition cycle.	Follow-on	49100423C0020	4/30/2024	3	541611	2nd Quarter	SDB (8A)	Conducting Market Research; will be procured next FY
DGE	PR and Communications for GRFP	GRFP is looking for a PR firm to oversee communications to external stakeholders, work with OLPA to manage social media, and collaborate with team on GRFP alumni network and fellow stories.	New			1	541611	1st Quarter	TBD	Canceled
EES	TCUP Evaluation	TCUP anticipates supporting one contract for performance of a longitudinal evaluative study on the impact of TCUP support on the communities served. The examination will essentially begin post-award, and will compare the relative impacts of three types of funding patterns to the TCUP institutions: consecutive and overlapping funding; multiple awards separated by significant gaps; and single awards. Separate analyses will be developed for the three types of eligibility: Tribal colleges and universities, Alaska Native serving-, and Native Hawaiian-serving institutions of higher education	New	N/A	N/A	2	541690, 541990	2nd Quarter	N/A	Awarded
EES	HSI Evaluation	Evaluate the program efforts	New	N/A	N/A	2	541690, 541990	2nd Quarter	N/A	Awarded
EES	HBCU-UP	Evaluate the program efforts	New	N/A	N/A	2	541690, 541990	2nd Quarter	N/A	Moving to next FY

CUI//SP-PROCURE

OAD	Program Monitoring, Data Collection, and Analytical and Technical Support Services for the NSF Scholarships in STEM (S-STEM) Program, Robert Noyce Teacher Scholarship Program, and Louis Stokes Alliances for Minority Participation (LSAMP) Program	Data collection, analysis, and technical support services focusing on participants in the NSF Scholarships in STEM (S-STEM) Program, Robert Noyce Teacher Scholarship Program, and Louis Stokes Alliances for Minority Participation (LSAMP) Program. Requirements will include operating and maintaining existing data collection applications and conducting non-response follow-up with participants. Requirements may include development of additional applications for program/participant monitoring and/or coordination with other program/participant monitoring activities outside the contract.	Recompete	Task Order 49100419F1010 (off Federal Supply Schedule Contract GS00F189CA)	3/31/2024	2	541611	2nd Quarter	TBD	Closed; Being competed on internal IDIQ
Directorate for Technology, Innovation and Partnerships										
TIP	Science and Engineering Analytical and Technical Support (SEATS) Contract	Support contractors will assist CAO program officers in reviewer identification and recruitment, general support on merit review panels, post-award management, program portfolio analysis, and community outreach	Follow-on	GS00Q14OAD0119/ Order 49100421F0194	9/6/2024	3	541330	Quarter 1	TBD	Same requirement under CISE; RFI released on
ITE	Science and Engineering Analytical and Technical Support (SEATS) Contract	Support contractors will assist ITE program officers in reviewer identification and recruitment, general support on merit review panels, post-award management, program portfolio analysis, and community outreach	New			3	541330	Quarter 2	TBD	Cancelled
ITE	Ideas Lab contract	Conducting Ideas Lab (as specified in the NSF PAPPG) Chapter II.F.6 - ITE expects to conduct up to 4 Ideas Lab events each year for the next three years. With a minimum of 1 per year and an option to conduct up to 3 more each year.	Follow-on			2	541611	Quarter 1	TBD	Awarded
TIP	NSF Workshop for Partnerships	Aims to broaden participation in innovation ecosystems by supporting capacity building efforts at institutions of higher education (IHE) interested in growing external partnerships	Follow-on	49100423C0032	3/31/2023	1	541611	1st Quarter	TBD	Awarded
TIP	Technology Road Mapping	Support services for the development of a road map to guide NSF/TIP technology investments.	Follow-on	49100423F0124	2/13/2024	1	541690	2nd Quarter	TBD	Cancelled
ITE	Convergence Accelerator Support Services	This contract provides logistical, administrative, technical, education, communications, and assessment support to enable effective planning, implementation and monitoring of the NSF investment in Convergence Accelerator programs and related activities. In particular, EXPO Events Support (providing support for virtual EXPO platforms to include online registration and comms); supports Phase 1 & 2 Cohorts (developing meeting agendas, distributing meeting materials, coordinating meeting logistics, responds to invitee inquiries, coordinates activities and provides virtual platforms and support for holding these meetings virtually); provides online program management and communications tool suite; provides videography and other communication technologies to enhance community engagement; and provides instruction/resources/and coaching for teams.	Follow-on	49100423C0026	6/7/2024	2	541611	3rd Quarter	SDB (8A)	Closed
ITE	Workshops and Outreach Events	Seeking contractual support of multiple 1 or 2 day workshops and outreach events.	New	NA		2	541611	2nd Quarter	SDB (8A)	Cancelled
ITE	Convergence Accelerator's Program Expansion Support for Regional Anchors	The program's regional anchor expansion requires contract support for a variety of regional anchor preparation support tasks. Contractor to assist NSF in bringing awareness of the program's mission, vision, program model; support in market intelligence and outreach events to connect with a wide range of stakeholders to inform them of the program's anchor opportunity and to assist NSF in preparing for the program's nation-wide expansion.	New	NA			541611, 541311	1st Quarter	SB	Awarded
ITE	National Science Foundation's Engine Program	Working with the NSF Engines team, the proposing organization will design a 10-year, program-level, mixed methods evaluation strategy to assess the impact Type-2 Engine awardees have in their regions	Follow-on	49100423P0029	06/30/204		541720	4th Quarter	N/A	Acquisition Planning
TI	VITAL Prize Contest	VITAL Prize Contest	Follow-on	49100422C0025	4/12/2024		611710	2nd Quarter	N/A	Closed
ITE	Phase 1 Innovation Curriculum's team science	Provides expertise to support our Phase 1 Innovation Curriculum's team science	Follow-on	49100422P0046	7/31/2024		611430		N/A	Acquisition Planning
OAD	Salesforce support & development	Salesforce support and development	Follow-on	49100422D0010/49100423F0227	9/24/2024		541512	4th Quarter	N/A	Closed
