

FEDFUNDERS TOWN HALL MEETING

at the Spring 2011 American Chemical Society National Meeting

Monday March 28, 2011 -- 4:30 - 6:30 p.m.

**Hilton Anaheim (adjacent to the Anaheim Convention Center)
Ballroom Level - Second Floor
Pacific Ballroom C**

Join representatives from federal research funding agencies for an inaugural joint town hall meeting during the American Chemical Society National Meeting in Anaheim, California. Meeting attendees will have an opportunity to interact with Program Managers from various agencies including the Department of Energy, National Institutes of Health, and National Science Foundation to discuss funding opportunities for research and education programs in the chemical sciences and to find out the latest information on federal research programs and activities.

Featured agency speakers:

Dr. Eric Rohlffing, Director, Chemical Sciences,
Geosciences, and Biosciences Division
Department of Energy,
Office of Basic Energy Sciences (DOE BES)

Dr. Michael Rogers, Director, Division of
Pharmacology, Physiology, and Biological Chemistry
National Institutes of Health, National Institute of
General Medical Sciences (NIH NIGMS)

Dr. Matthew Platz, Director, Division of Chemistry
National Science Foundation, Directorate for
Mathematical and Physical Sciences
