V. PROPOSAL PREPARATION AND SUBMISSION INSTRUCTIONS

A. Proposal Preparation Instructions

Preliminary Proposals (required): Preliminary proposals are required and must be submitted via Research.gov, even if full proposals will be submitted via Grants.gov.

Eligible parties intending to submit a preliminary proposal are encouraged to participate in informational webinars that will be webcast after the release of this solicitation. See the NSF CREST webpage for dates.

Submission of a preliminary proposal is required to be eligible to submit a full CREST Center proposal. Preliminary proposals that are not compliant with the guidelines may be returned without review, thus making the proposing team automatically ineligible to submit a full CREST Center proposal. It is the submitting organization's responsibility to ensure that the preliminary proposal is compliant with all applicable guidelines and that only one proposal is submitted by the institution. Following review of the preliminary proposal, notification will be provided to indicate whether a full CREST Center proposal will be invited for submission.

How Time Zone Is Determined

How Time Zone Is Determined

- In most cases, your time zone and deadlines are determined by the **submitting organization's time zone**, not your individual working location
- PIs and co-PIs can view their organization's time zone by signing into Research.gov
 - Select My Profile at the top of the screen
 - Select View My Roles
 - Choose the organization
 - Select Edit Your Contact Info

NSF-Approved Format for Biographical Sketch

NSF-Approved Format for Biographical Sketch

- As of **October 23, 2023**, use of [SciENCv](#) is mandatory
- Refer to *Proposal & Award Policies & Procedures Guide* (PAPPG) Chapter [II.D.2.h.\(i\)](#), as well as the NSF [biographical sketch](#) page for policy guidance
- Research.gov and Grants.gov **ONLY** accept the 23-1 biographical sketch version **prepared in SciENCv**. Attempting to upload the NSF fillable PDF or a prior version of the document will generate a compliance error message
- 23-1 version includes the required certification per PAPPG [Chapter II.D.1.e.](#)
- ***Determining format version:***
 - Open the document in Adobe and right click anywhere in the SciENCv-generated PDF and select Document Properties
 - 23-1 biographical sketch version has the title "BGS 23-1" in Document Properties

SciENCv Training Resources

- [NSF Biographical Sketch video tutorial](#)
- [SciENCv Help Guide with NSF-specific section](#) (includes screenshots and step-by-step instructions)

- [SciENCv Demo](#) (*demo starts at 23:49 minute mark*) (Spring 2023 NSF Grants Conference)

CREST Centers Solicitation-specific Requirements

CREST Centers Solicitation-specific Requirements – *Preliminary Proposal*

Highlights of some requirements that are not enforced by the system or are PAPPG requirements not explicitly noted in the solicitation. This is not an exhaustive list. Please refer to the solicitation for more information.

- Title should begin with: “CREST Phase I Preliminary Proposal: Center for ” or “CREST Phase II Preliminary Proposal: Center for “
- Proposal cannot be a separately submitted collaborative proposal
- Single proposal with subawards is allowable
- Cover Page: Start date September 1, 2025
- Project Summary must have three headers: “Overview,” “Intellectual Merit,” and “Broader Impacts”
- Project Description must have header: “Broader Impacts.” Cannot exceed 8 pages
- References Cited - Cannot exceed 2 pages. System will not check page limit
- **Do not submit the following documents for preliminary proposals:** Results from Prior NSF Support; Facilities, Equipment and Other Resources; Budget and Budget Justification; Current and Pending Support; Collaborators and Other Affiliations Information; Data Management Plan; and Postdoctoral Researcher Mentoring Plan

Research.gov Proposal Features & Preliminary Proposal Preparation Demo

Research.gov Proposal Preparation Features

Features to help reduce proposal preparation administrative burden and to minimize return without review proposals due to compliance issues:

- Intuitive and dynamic interfaces that provide only relevant proposal preparation options
- Inline help features
 - Information tool tips indicated by the blue information icon: 
 - Links to applicable PAPPG sections
 - Links to Frequently Asked Questions (FAQs)
 - Links to video tutorials
- Fast document uploads and immediate feedback within each proposal section and for each document upload
- Expanded [automated compliance checking](#) utilizing warning messages (allowing proposal submission) and error messages (stopping proposal submission)
 - Currently ~85 compliance checks in Research.gov for preliminary proposals
 - Specific, actionable warning and error messages
- PDF uploads are not altered

How Proposers Check Submitted Proposal Status in Research.gov

How Proposers Check Submitted Proposal Status in Research.gov

The screenshot shows the Research.gov homepage with a navigation menu on the left. The 'Proposals' section is expanded, showing a list of links. The 'Proposals Status' link is highlighted with a red box. The main content area on the right shows the 'Proposals' section with a sub-section for 'Proposals Status'.

- Within 24 hours of proposal submission in Research.gov (including proposals submitted via Grants.gov and processed in Research.gov), the proposal will be listed on the Research.gov Proposal Status page
- Proposers can access the Proposal Status page using the Proposal Status link under Proposals on the Research.gov homepage
- If proposers do not see a submitted proposal listed on the Proposal Status page after 24 hours, the proposer should contact the NSF IT Service Desk at 1-800-381-1532 for assistance. The NSF IT Service Desk is available by phone from 7:00 AM to 9:00 PM ET Monday - Friday except federal holidays or via email to rgov@nsf.gov
- In addition, proposal reviews and if applicable, the panel summary, context statement, and site visit report will be available on the Proposal Status page using the Proposal Status link

Research.gov Proposal Preparation Training Resources

Research.gov Proposal Preparation Demo Site

- Demo site can be used to explore preparing proposals and to check compliance of uploaded proposal documents (e.g., Collaborators and Other Affiliations and Biographical Sketch)
- All demo site users are automatically given the PI role for demo site purposes, in order to perform the proposal preparation functions that a PI can do in the actual system. Proposal submission capability is disabled
- See the demo site FAQs on the Research.gov [About Proposal Preparation and Submission](#) page for information on demo site access and features

Feedback

Providing Research.gov Proposal Feedback and Why It's Important

Why?

- Help NSF continue to refine Research.gov proposal preparation and submission
- Help ensure the system is working as intended and identify areas of improvement

How?

- Feedback may be submitted on the Research.gov [Feedback page](#) using these drop-down menu options:
 - Proposal Preparation & Submission
 - Proposal Preparation Demo Site
 - Supplemental Funding Request Preparation & Submission
 - Supplemental Funding Request Demo Site

Research.gov Proposal Preparation Demo Site Tips

- Demo site FAQs are available on the Research.gov [About Proposal Preparation and Submission](#) page via the left navigation menu. How-to guides with step-by-step instructions and screenshots are also available
- The demo site is available both to the research community and to NSF staff
- An orange "Proposal Preparation Demo Site" banner is at the top of each demo site page to indicate the user is on the demo site
- The demo site allows users to prepare and edit proposals before preparing them in the actual Research.gov site
- Demo site proposals are not visible or available in the actual Research.gov Proposal Submission System, and data cannot be transferred between the demo site and the actual proposal system
- All proposal and submission types available in the actual system are also available in the demo site
- All compliance checks enabled in the actual Research.gov Proposal Submission System are also in the demo site. Proposers can use the demo site as a resource to check document compliance before uploading them in the actual system

Research.gov Proposal Preparation Demo Site Tips (cont'd)

- Proposals created in the demo site will be available for six months and then will be deleted by NSF. Neither NSF nor users will be able to access deleted demo proposal data
- Demo site does not support proposal submission and will not trigger any system-generated email notifications (e.g., link requests for separately submitted collaborative proposals)
- The organization that you are affiliated with in your NSF account profile will be incorporated when you are in the proposal preparation demo site, but the user role(s) that you have will not be available in the demo site
 - All users who access the demo site will be given the role of PI and the mock organization “National Science Foundation”
 - This means that users from the research community will have the organization(s) they are affiliated with in their NSF account profile plus the “National Science Foundation” mock organization as available organizations in the demo site
- The only time other users will be able to view and/or edit any proposals that are created in the demo site is if the user adds them to the proposal as a co-PI or Other Authorized User (OAU). If the user doesn't add any co-PIs or OAUs to the proposal, no one will else will be able to access, view, or edit the demo proposal
