MEMORANDUM

TO: National Science Foundation, Division of Acquisition and Cooperative Support
National Science Foundation Acquisition Workforce

FROM: Patrick K. Breen
Senior Procurement Executive

SUBJECT: FAR Class Deviation for FAR Part 5 in Support of Executive Order 14275 on Restoring Common Sense to Federal Procurement

PURPOSE: This memorandum approves a class deviation to Federal Acquisition Regulation (FAR) part 5 for purposes of implementing the Federal Acquisition Regulatory Council's (the Council's) model deviation text to FAR Part 5.

BACKGROUND: On April 15, 2025, the [Executive Order \(E.O.\) 14275 on Restoring Common Sense to Federal Procurement](#) was signed, mandates a comprehensive review and simplification of the FAR.

The FAR is being updated to:

- Remove language that is not required by statute
- Remove duplicative or outdated language
- Clarify or provide more plain language
- Align with the new FAR framework
- Preserve essential governmentwide acquisition standards.

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative.

SUMMARY OF CHANGES: FAR part 5, Publicizing Contract Actions, is revised from a complex, topic-based structure to a streamlined, chronological process that mirrors the three main phases of an acquisition. The revision makes extensive use of tables to

present complex information regarding content requirements and timing, a significant departure from the dense paragraphs of the original text. The new tables 5-1, 5-2, 5-3, and 5-4 clearly explain posting requirements and timeframes. This approach directly serves the goals of reducing complexity and enhancing clarity by making the content easier to understand and use.

Statutory requirements retained in the RFO FAR part 4 model deviation include, but are not limited to, the following:

- 5 U.S.C. § 552, Public Information; Agency Rules, Opinions, Orders, Records, and Proceedings
- 15 U.S.C. § 637(e) and 41 U.S.C. § 1708, Procurement Notice
- 15 U.S.C. § 637(k), Notices of Subcontracting Opportunities
- 15 U.S.C. § 637b, Availability of Information
- 15 U.S.C. § 644, Awards or Contracts
- 44 U.S.C. §§ 3701-3703, Awarding of Contracts
- Pub. L. 97-219, Small Business Innovation Development Act of 1982
