

***FUTURE TECHNOLOGIES AND ENABLING PLASMA PROCESSES***

**2024 NSF EPSCoR PI Meeting**  
**Leveraging EPSCoR Investments Panel**

Presentation by: Gary P Zank

Affiliation: The University of Alabama in Huntsville

# Outline

- Prior NSF EPSCoR Track 1 support: CPU2AL, framework, infrastructure etc
- Resource leveraging from under-resourced institutions
  - ❑ Overhead return for institutional new faculty hires
  - ❑ Overhead return related to start-up funding for new hires and metrics
  - ❑ Utilizing opportunities to increase diversity hiring
- NSF CAREER grants
- Statewide cross-institutional leveraging of infrastructure for new grants
- Identifying state-wide infrastructure improvement needs against which to leverage EPSCoR (e.g., CC\*)
