

Closure Vote Notice Committee on Oversight

On October 12, 2023, the Executive Committee of the National Science Board voted to close the meeting of the Committee on Oversight (CO) to be held October 18, 2023. Executive Committee members Panchanathan, Reed, McCrary, Leath, and Ward voted to close the meeting. The justification for closure is provided in the attached certificate.

For the closed CO meeting, CO executive secretaries and NSBO staff, staff from the Office of Integrative Activities, and a representative of the Office of the Director and Office of General Counsel may attend in addition to the Commission members.

C E R T I F I C A T E

It is my opinion that the discussions in the following National Science Board committee and subcommittee meetings may properly be closed for the reason given.

The agenda is:

- Committee Chair's opening remarks regarding the agenda
- Presentation/discussion of the Results of NSF Pilots to Improve Reviewer Training

This meeting may properly be closed to the public pursuant to 5 U.S.C. § 552b (c) (9) (B), regarding information the premature disclosure of which would enable a third party to take action that injures the interests of the federal government, frustrating implementation of a proposed agency action.

Angel R. Williams
